Artist Bio

Based in Minnesota, Olivia Norquist is a visual artist who is inspired by the simple beauty of her flyover state. For Norquist, creating artwork is an exercise in both attention and meditation. Her primary mediums are watercolor and printmaking. Recently, Olivia has been in two group exhibitions at the 410 Project Art Gallery and the Centennial Student Union Gallery at Mankato State. After graduating Gustavus Adolphus College with a BA in studio art, she hopes to share her love of art with others through a career in education.
